

Contains Text Styles for Display, Heading, Body and Caption, All fonts are have predefined size and line height
If you change the font sizer it's going to be applied throught the UI KIT

A row of six panels, each displaying a set of typographic examples. The panels are separated by thin white vertical lines. Each panel contains the following text elements: 'Display 1' (large), 'Display 2' (medium), 'Title 1' (small), 'Title 2' (small), 'Title 5' (small), and 'Title 6' (small). The styles vary from elegant and italicized to bold and sans-serif.

[illegible]
